

## CF5000 Commercial Chocolate Fountain, the Largest in the World, by Giles & Posner

The CF5000 is indeed a world beater as the largest chocolate fountain in the world standing at a towering 1.45 meters high and available exclusively from Giles & Posner. This fountain is an un-missable centerpiece at all hotels, restaurants and casino lobbies, and up to an astounding 1500 guests can delight in the experience of eating from it.

The CF5000 is will create the wow factor with all who see it due to its sheer size, capabilities and contemporary good looks. It is made of heavy gauge 304 stainless steel for durability and prolonged use, with a unique direct drive motor so there is no risk of belts breaking or slipping in mid-event. The simple tier positioning and detachable bowl ensures it is exceptionally easy to use frequently, with improved food hygiene.

The CF5000 can hold up to 35kg of chocolate, capable of serving an astounding 1500 guests, with a unique two centre column design: double the chocolate flow - double the impact. Giles & Posner have a range of food service accessories available to partner the CF5000 Fountain.

Total peace of mind comes with the purchase of a CF5000, through Giles & Posner's comprehensive maintenance support package and full CE approval. Every unit comes with a 2 year parts & 1 year labour (UK only) warranty, the fountain can be shipped to any country in the world.
