Introduction

A great and fun way to enjoy a low fat snack at home, just measure out amount of popcorn pour into machine and watch it pop! The Premier Popcorn Maker can create approximately 3 liters of fat-free popcorn in 3 minutes, with a built in Butter dish that melts the butter whilst the popcorn pops! Using hot-air instead of oil, it's a much healthier option than popcorn makers that require oil and it pops up to 100g of kernels in under 4 minutes!
